# The Apple iPad Phenomenon

Not since it's cousin, the Apple iPhone, has a technological gadget so fascinated the public as has the Apple iPad.

The iPad is the real deal, and millions of devoted consumers won't settle for anything less. Walk into any Apple store, anytime, and it's packed.

Applications on iPad look and feel like nothing you've ever experienced.

**8.6 million iPads  
were sold in 2010  
and 35 million plus  
in 2011.**

90% of all Apps  
being downloaded  
are Apple Apps and  
Apple just hit the 10  
Billion Apps  
download mark.
